

# VOLVO REMAN BASIC ENGINES

When it comes to remanufacturing your engine, Volvo Reman puts quality before price.

## **Don't run the risk of more downtime later just to save a few dollars now. Choose the quality that only Volvo Reman can provide.**

Our Volvo Reman D-Series Basic Engines combine both high-quality remanufactured and 100 percent new parts to provide the best possible performance for increased reliability and longer life.

### **Why Buy a Volvo Reman Basic Engine?**

- Remanufactured in North America by certified Volvo Reman technicians
- Produced following stringent processes that include:
  - Internal and external cleaning, and bead blasting to remove contaminants
  - Electro-magnetic crack detection and other precision technology
  - Pressure decay testing of the oil system and coolant system

- Vacuum testing of cylinder heads at intake and exhaust
- All piston rings, liners, bearings, bushings and gaskets are replaced with 100 percent new parts
- Multiple detailed inspections to assure quality
- Backed by a 100 percent parts and labor warranty for two years / unlimited miles when installed by an authorized Volvo dealer

### **What will your truck be in its second life?**

A collection of aftermarket parts, or 100 percent Genuine Volvo? Only Volvo Reman Basic Engines are:

- Originally designed by Volvo engineers
- Remanufactured by certified Volvo Reman technicians
- Inspired by years of Volvo's commitment to superior quality, safety and environmental care
